

RIMAGE 2000i

Advancing the Art of Digital Delivery.

THE ALL-NEW RIMAGE 2000i — SIMPLE, POWERFUL, AND AFFORDABLE

As easy as 1-2-3, open the box, plug in the cables, turn on the power. No assembly. No printer to mount or alignments to make. Now you can put the lowest cost, highest quality desktop CD/DVD publishing solution to work in a matter of minutes. The all-new Rimage 2000i offers unrivaled Rimage quality in an easy-to-use, affordable, fully-contained system.

It's not just that simple, it's simply the best. The sleek, ultra contemporary Rimage 2000i is the most efficient desktop CD/DVD publisher available today. Rimage's optimized 2-to-1 recorder-to-printer ratio eliminates production bottlenecks and maximizes efficiency. Our patented data-streaming technology transmits data to each individual recorder simultaneously so you get more done in less time. The LCD display keeps track of the job status, so you're freed up to focus on your work. From the instant you open the box to the end of every job, you can count on the all new Rimage 2000i for extraordinary ease-of-use and industry-leading efficiency.

LOW COST OF OPERATION

Speed, reliability, and a large 100 disc input bin—combined with an innovative ink management system—make the Rimage 2000i the leader in price and performance.

RIMAGE 2000i	
	• All-in-one system, fully-assembled
	• Reliable unattended networked solution
	• Instant job feedback provided with LCD display

RIMAGE 2000i

SUPERIOR NEW PRINTING TECHNOLOGY

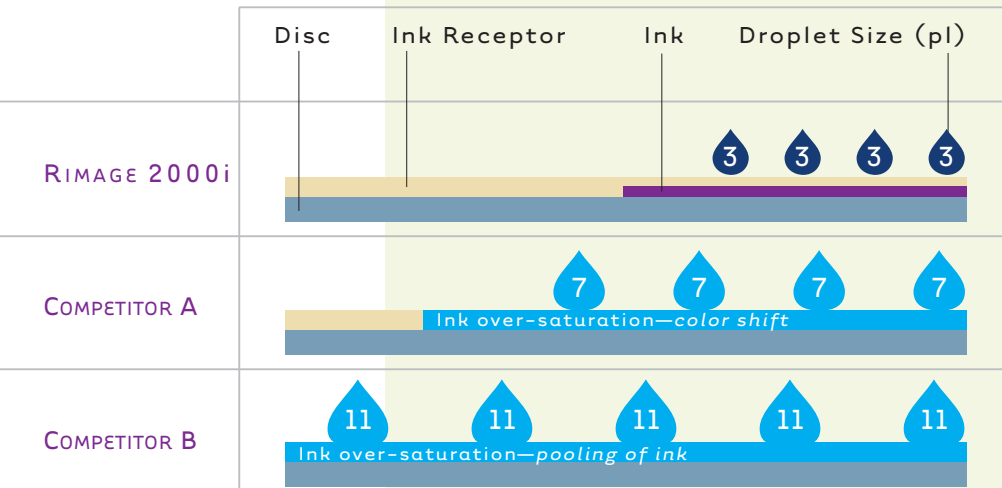

It's fast, affordable, and easy to use. But, what really makes the all new Rimage 2000i printer so powerful is the HP-enabled thermal inkjet technology. The Rimage 2000i offers the smallest ink droplet available (3 pico-liters) for unsurpassed ink control and superb color management. HP's unique PhotoREt IV color-layering and ColorSmart III color optimization technology create realistic photo images, vivid color output, and extremely sharp text for the best photo and image print quality directly on your disc.

A SIMPLE, COMPLETE SOLUTION

• *Leading-edge software and advanced robotics*—Powerful, flexible, and scalable software for individuals, workgroups, and large enterprise applications. Robotics automate and accelerate the entire disc publishing process.

The Rimage 2000i's innovative thermal inkjet technology places smaller drops more accurately, giving you superb image and text quality project after project.

• *Up-to-the-minute activity status*—

Rimage 2000i's sleek, brushed-steel design includes an LCD display for accurate job status notification. You'll always know where you are in the process and the system alerts you when the job is done.

• *World-class printing*—Rimage's 2000i stand-alone desktop printer with unique HP technology offers a greater range of colors, lighter tones, and smoother gradations between tones without scratching or smudging—flawless disc printing every time.

• *No-charge telephone support*—Rimage's superior solutions are backed by superior service. Rimage offers 24-hour global online and telephone tech support.

SPECIFICATIONS

Print Technology
Thermal Inkjet printing

Printing Resolution
Up to 4800-dpi (driver selectable)

Disc Capacity
Input — 100
Output — 110

Standard Configuration
1 unit (2 CD recorders or 2 DVD recorders)

Maximum Configuration
3 units (6 recorders and 3 printers) can be run from a single PC

Minimum System Configuration
933Mhz Pentium III, 256mb SDRAM, 7200 RPM EIDE System
HD w/4GB Free Space (CD-R), 20 GB Free Space (DVD-R),
1 USB port, 1 FireWire, 800 x 600 dpi color monitor

Supported Operating Systems
Windows 2000, XP

Supported Clients
Windows 98, NT, 2000, XP, Mac OS 10.2

Client Interface
Rimage QuickDisc

Data Streaming
Yes

Network Ready
Yes

Power
100-240V, 1.5A, 50/60 Hz Auto-configuring

Certifications
Emissions: FCC Class B
Safety: UL, cUL, CE

Physical
Height 21.0" x Width 15.75" x Depth 20.0"
(53.3 cm x 40 cm x 50.8 cm)
Weight: 58 lbs. (26.3 Kg)

Interface
USB 1.1, Firewire IEEE 1394

Warranty
On year limited
