Enterprise CD & DVD Publishing System

This system becomes a publishing resource on your network, providing unattended disc production 24/7. Driven either by custom applications using the API, or the desktop publishing software included with the unit, Microtech's Xpress XE is the ultimate CD and DVD publisher. Xpress XE is available with 2 CD or DVD recorders, an inkjet or thermal disc printer, and a security cover option to protect sensitive data.

Microtech Software

Microtech has been creating software for over 20 years and it is no wonder that our complete suite of disc publishing and duplication software, **ImageMaker® EZ**, **MyDisc®**, and **CD-Remote®** offers the quality, capability, and proven engineering that keeps even our most demanding clients coming back year after year.

In order to meet with today's security standards, our publishing software enables you to copy-protect your discs as well as encrypt them with dynamically generated serial numbers.

Disc Printing

Automatically print text and graphics on to your discs with the highest-quality inkjet or thermal disc printers on the market.

Microtech's inkjet printer provides up to 4800 dpi print resolution with the sharpest photo-quality text and graphics imaginable.

Our thermal transfer technology is fast and extremely economical and the print is both waterproof and indelible.
