

5000 Series

Professional Duplication Modules

Not All Towers are Created Equal - from 6 to 60 drives

MF DIGITAL's 5906 Series professional-grade expandable CD / DVD duplication copier modules delivers outstanding performance, reliability, flexibility and quality. Backed by a one-year MF DIGITAL warranty and a responsive, in-house technical support team, the 5906 Series copiers are truly in a class by themselves.

Simplicity

One-touch intuitive menu makes our MF DIGITAL's 5906 duplicators as easy to use as a photocopier! And there's no need for a PC to begin copying!

Standalone Copier Module Power

This sleekly designed copier modules offer a hard drive capable of storing multiple CD or DVD masters. And because MF DIGITAL's 5906 records a DVD and CD from hard drive images, not CD to CD, you're always ensured an exact copy, burn after burn.

Complete Network Connectivity

MF DIGITAL's license-free network client Command Center Module software allows you to submit, edit, or check status of duplication jobs from any computer across your network to single or multiple duplicating modules. You can even drag-and-drop WAV files from your networked PC directly to your modules to duplicate a disc without the need of a master.

Advanced Copier Features Include

- Byte for Byte disc verification in data and audio production
- Audio Track Extraction - Create an audio compilation disc one track at a time from multiple masters
- Durable, heavy-duty steel casing and a 24/7 duty cycle means your MF DIGITAL duplicator won't overheat
- Runs on a Microsoft® Windows XP-embedded operating system
- 6 to 60 drives; expandable to fit your needs

Exclusive Audio CD Frame

Accurate Drive Technology

The 5906 Series features our exclusive frame accurate technology offers enhanced professional audio capabilities. And thanks to this, MF DIGITAL duplicators are the only ones that allow 100% verification of audio CD recordings
