

# Scribe PC Series

Automated PC-Based (Built-IN)  
CD-R/DVD-R Duplication

## READY TO GO!!! We Build In The PC For You

The Scribe PC copier series offers the most versatility and flexibility of any desktop duplicator on the market today. The Scribe PC can be configured with 2 or 4 drives with or without thermal or inkjet printing or simply as a disc printing only system. Disc capacity is from 250 to 600 discs.

## Endless Time-Saving Features

The Scribe PC professional grade duplicators are surprisingly easy to operate. In fact, two of its most advanced functions do not even require an operator to be present, saving you time and money. With features including Asynchronous Duplication / Printing and Relay Mode technology, the Scribe PC will duplicate multiple masters and print multiple labels in one continuous, unattended process.

SCRIBE PC with Picojet

## Additional Features

- Endless Configurations - Build the CD / DVD system that meet your needs exactly.
- Enhanced Automation - Provides optimal performance with minimal user intervention
- Includes license-free Network Client Software - Submit, edit or check status of duplication or print jobs from anywhere on your network to single or multiple copiers!
- Industrial Design - Features a durable, steel chassis and aluminum spindles.

## Exclusive Audio CD Frame Accurate Drive Technology

The Scribe PC system featuring our exclusive frame accurate technology offers enhanced professional audio capabilities. And thanks to this, MF DIGITAL duplicators are the only ones that allow 100% verification of audio CD recordings.
