

Super USB Duplicators

Make multiple copies of your USB cards in minutes!

The EZ Dupe Super USB duplicators easily and reliably create multiple copies onto your USB drives without a computer or cumbersome software. Each USB channel has dedicated copy throughput of 20MB per second. Asynchronous copy allows each channel to function independently and copies directly from 128MB of built-in memory so there is no need to start and end a copy cycle at the same time. Source Analysis feature identifies the content on the master and intelligently copies only the data to speed up copy cycle. Fast, reliable, convenient and cost-effective, EZ Dupe Super USB duplicators help you to get more done in less time!

Features:

- Standalone solution; no PC or software is needed
- Support Asynchronous copy mode
- Unique Source Analysis feature
- Up to 1200MB/min copy speed per channel
- Easy to use, cost-effective to operate
- Real-time display of detailed information
- No warm-up or cool-down required
- Heavy-duty construction, built for daily operation

Specifications

Operating Type	Stand-alone (No PC Required)	Copy Mode	Synchronous and Asynchronous
Targets	20, 34, 55	LCD Displays	2 x 16 characters (Backlit)
Supported Media	USB Drive	Power Requirements	115V or 230V
Transfer Speed	Up to 1200MB per minute	Operating Temperature	41°F ~ 122°F
Buffer Memory	128MB	Operating Humidity	15°F ~ 90°F
		Regulations	FCC, CE
